

# KHAS T'AN HORSEMANSHIP SERVICES

## Colt Starting and Horse Development Program

Khas T'an Horsemanship is taking horses in for development on a first come first serve basis provided to clients on a case by case basis. Each horse and owner will be evaluated to fit criteria that best fits the capacity and philosophies of Khas T'an Horsemanship. In this program, each horse will become a part of the Khas T'an Horsemanship family. We will work closely with horse owners to better understand both horse and owner needs. We ask that all horses arriving have a recent equine dental examination and treatment if required as well as being up to date on de-worming, required local area vaccinations and hoof care. No exceptions. Many issues can be easily eliminated by mitigating health and physical deficiencies.

We work hard to make the experience for the horses a fun and interesting one through innovative, creative and well-informed, studied techniques. Near the end of the development period, we ask that owners participate in the last session with Khas T'an Horsemanship so that there is a positive and respectful transition for the horse before they go home.
