

KHAS T'AN HORSEMANSHIP SERVICES

Horsemanship Lessons

Khas T'an Horsemanship offers a variety of different horsemanship services. With qualified hands on deck, each horse and student will have an opportunity to participate in a focused educational environment enhancing their experience in a very natural and positive way that will maintain long term with commitment and practice.

If you are interested in expanding your skills and understanding horses in a deeper way, this horsemanship service may be the right thing for you. If you would like to try out a first time lesson or schedule a regular time in your otherwise busy life, Kyla can accommodate your needs.

Horsemanship Lessons are available to students and horses. Khas T'an Horsemanship adjusts to horse-time so it is difficult to estimate an exact lesson time frame, however, we do aim for a 1 hour length instruction lesson time.

Kyla would love to work with you and your horse and cater to your individual learning needs where safety and fun is a priority.

If you would like to participate with young horses or horses that are still in their foundational development stages, please contact Kyla directly for further discussion. Kyla will try her best to accommodate your learning goals.

Testimonials from Students

'Kyla responds to the needs of the student, the mood of the horse. The most beautiful part of Kyla's instruction is the respect and love that she has for her horses. Willa knows that she is not just learning to ride a horse. She is learning how to develop a relationship with a horse, and through this relationship, earning the right to ride.'

'Kyla has been fantastic in helping me meet my goals in horsemanship. Her patience with a newbie to natural horsemanship is applaudable and she makes every effort to make sure I'm comfortable and clear with her teachings. I love how her lessons never get boring and not only varied in activity but in location as well! Each lesson built on the next and she was always ready with support material so new things stayed fresh. Every one of her horses is part of the family and it shows in their trust, patience, and willingness to be there.'

'I couldn't be happier getting my seat back and learning new horsemanship skills that will last a lifetime. My relationship and the way I deal with horses will never be the same thanks to Kyla's teachings. Whether you're there for ongoing lessons or a single visit, Khas T'an is worth every penny and more; it is definitely one of the best hidden gems of the Fort St. James area.'

'Sending a note out to Kyla...I wish to thank u for everything you've done for the horse peeps in Prince George and even more so for the horses that you dedicate yourself to! This winter (when I would have rather stayed inside), I accomplished more than I ever hoped for despite lessons in -18, giant winter boots and gloves, toques, pink blankets.'

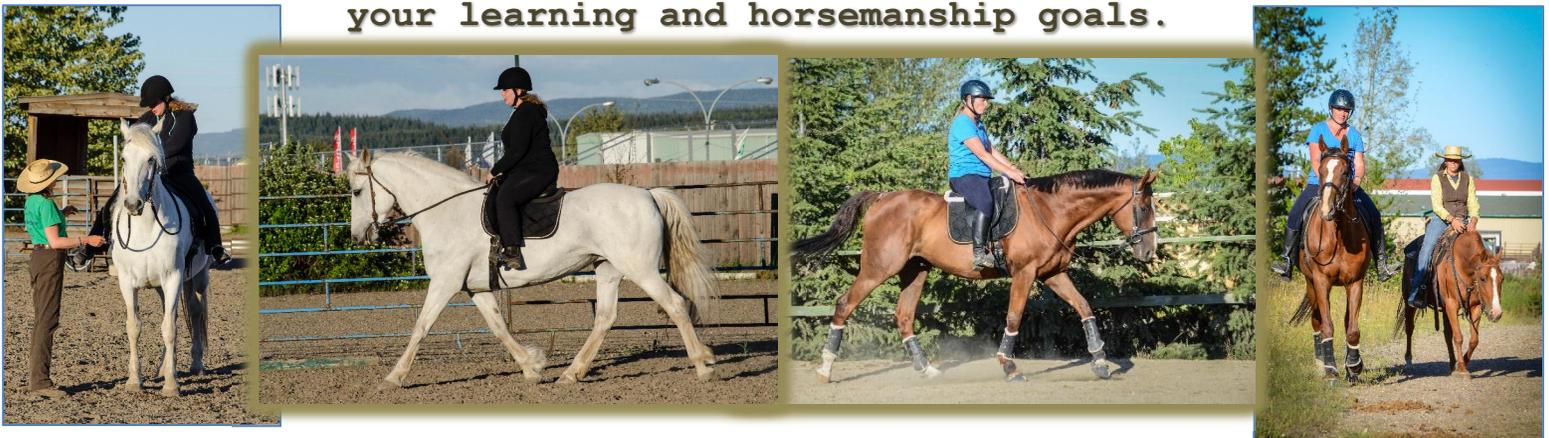

Khas T'an Horsemanship is a great way to develop in many life areas including but not limited to competencies like courage, compassion, leadership, teamwork, co-operation, problem solving, judgement, empowerment, analytical thinking, flexibility, integrity, empathy, attitude, interpersonal relationships, focus, change management, balance, work ethic and much more.

Kyla will do her best to customize lessons to fit students' horsemanship goals and equine discipline.
