

KHAS T'AN HORSEMANSHIP SERVICES

Colt Starting and Horse Development Program

Khas T'an Horsemanship offers a variety of different horsemanship services. With qualified hands on deck, each horse and student will have an opportunity to participate in a focused educational environment enhancing their experience in a very natural and positive way that will maintain long term with commitment and practice.

Kyla is happy to be taking horses in her **Colt Starting and Horse Development Program** on a first come first serve basis. Each horse will become a part of the Khas T'an Horsemanship family during their stay. Kyla will work closely with horse owners to better understand both horse and owner needs.

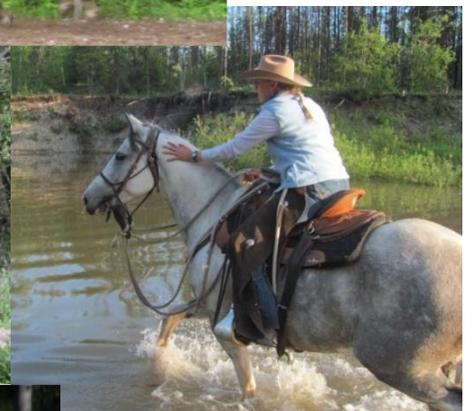

It is imperative that all horses arriving have a recent equine dental examination and treatment if required as well as being up to date on de-worming and hoof care. No exceptions. Many issues can be easily addressed by eliminating physical and health compromises. Kyla would like to eliminate any potential physical indicators and risks up front for maximum results and outcomes.

Kyla commits to spending a minimum of 5 x 1-3 hour sessions per week with the horses in their program. Kyla works hard to make the experience for the horses a fun and interesting one through innovative and well-informed horse first philosophy techniques learned through a lifetime of experience and study.

COLT STARTING AND HORSE DEVELOPMENT RATES:

1 Month Minimum

- \$800.00 / horse / month

This rate includes 20 x 1-3 hour sessions with your horse and
A private transition 1-2 hour session at the end of the month with horse and owner.

This Rate does Not include required Hay and Feed and Horse Board fees (if applicable).

A \$150.00 non-refundable deposit is required. Please try to book 1 month in advance.

Auxiliary lessons are available for owners after horse goes home at a reduced rate.

Kyla has an Open-Door Policy. Auditors are Welcome!

Kyla will review prospective horses on a case to case basis with in-depth attention to detail. Based on experience, Kyla has determined that in many cases, older horses that have experienced trauma or poor handling may require a longer time to better solidify a renewed learning foundation. Based on an initial assessment, Kyla may conclude that your horse require more than a 1 month program. This will be a non-negotiable consideration that will only apply in more difficult cases where safety and efficacy is of utmost importance.

Young horses under 5 years old may require additional charges for feed. These horses are still growing & require additional feed & grain. This increase in board will cover our minimum costs.

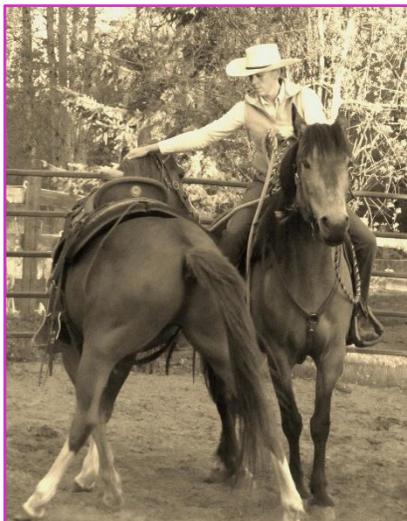

Be sure to get your horses enrolled early with your security deposit.

Testimonials

'Any horse that receives the opportunity to meet and play with Kyla is a very fortunate horse! Kyla provided (what we refer to as) "therapy" for our horse. We aren't certain of his background other than he had been treated terribly by humans and had a distinct distrust of our kind. Our horse's past taught him that backwards was a lot easier than forwards and that humans are nasty predators waiting to pounce. After 14 days with Kyla, he gained trust, confidence and a fresh perspective of the horse/human bond! His eye softened. He grew curious. Our horse got to experience lessons in his own language, growing leaps and bounds! Fortunately, we've been able to keep up with his growth. Kyla encapsulates the meaning of the word horsemanship: understanding our unique differences, communicating in a language horses learn best in and achieving the most significant results with the slightest amount of pressure. Words cannot do justice to the faith I have in Kyla. She is an exceptional horse woman. Open. Honest. Trustworthy. Horses are her priority. I have seen her make many sacrifices to ensure the pride of the horse. I recommend Kyla to friends and strangers alike. Her name is the first out of my mouth! Thank you so much for everything, Kyla, we look forward to more in the future!!'

'I wanted to thank you Kyla and Khas T'an for the great work you did with my horse. After the month of training you put on her she is much more manageable for my daughters and they now love to ride her. I was very impressed with the time (the whole day) you spent with me when I came to pick my mare up, taking the time to show me everything you taught her and all the things I should be working on with her. Best of all I wanted to thank you for the absolutely beautiful ride down to the lake that you took me on. Riding my mare was so much fun, especially riding her into the lake for the first time. Thank you for the great day.'

The Colt Starting and Horse Development Program involves techniques that adequately prepare the horses for many situations in the real world. Kyla incorporates a variety of different learning environments including wilderness trail outings and indoor/outdoor arena work with the horses. The outdoors and trails are enjoyable for the horses and provide an excellent venue to develop the horses' emotional, mental and physical well being.

All photos depict different stages of development with a diverse group of horses of different breeds, ages and backgrounds.

Don't let the cowgirl hat and western wade saddle fool you. Kyla has background in English disciplines and can incorporate this easily into your horse's program if these are your horsemanship goals.

This Horsemanship Program is for All Equestrian Disciplines

Kyla takes pride in her ability to give the horses the best deal possible. She works within the philosophies left behind legendary horsemen Bill and Tom Dorrance and Ray Hunt to her best capabilities, knowledge, understanding and experiences. There is much to be learned by their pre-deceased top students whom Kyla has studied from extensively. Kyla is dedicated to self improvement and ongoing learning and continues to pursue formal education on an annual basis. It is true, however, that the horses are truly the best teachers.
